

Degree & Higher Apprenticeship Awards

Really proud to have won a BAE Systems 2022 Apprentice Recognition Award. Grateful for the opportunities, support and guidance I received throughout the scheme.

Onwards and upwards!

Georgia McKean

UK @ RoW Shared Services

What Georgia's nominator said:

"Throughout her apprenticeship, Georgia has constantly pushed herself out of her comfort zone to further her skills and learning, taking on projects that have stretched and challenged showing courage and leadership skills beyond her years. It has been a privilege to see Georgia grow in confidence throughout her apprenticeship, culminating in the fantastic achievement of a Class 1 Honours degree and a distinction for her apprenticeship overall. I know she will go far in the business with her ability and the professional attitude she constantly demonstrates, together with her talent in driving solutions out of challenges whilst taking the team with her. From UCLan, to each and every team she has worked with, all have nothing but praise and admiration for her dedication, commitment and fantastic attitude, both on a personal and a professional level. Georgia is starred for a fantastic career at BAE Systems."
